07/11/25- Spoke to tenant who called in regarding some concerns on the fails. He stated that the main concern was the keyed lock that he has for a closet. He stated it has been this way for 45 years and would like for it to stay like that especially for times he goes out of town. Another concern was the sofa/bed he has up against the window. He stated theres no other way to place it where it will open and close without issues. I advised him to bring up the concerns with the inspector when he goes back out on 07/29. Tenant agreed. M.T
